NUCLEAR REGULATORY COMMISSION

Draft Regulatory Guide; Issuance, Availability

The Nuclear Regulatory Commission has issued for public comment a proposed revision of a guide in its Regulatory Guide Series. This series has been developed to describe and make available to the public such information as methods acceptable to the NRC staff for implementing specific parts of the NRC's regulations, techniques used by the staff in evaluating specific problems or postulated accidents, and data needed by the staff in its review of applications for permits and licenses.

The draft guide is a proposed Revision 1 to Regulatory Guide 3.54, and it is temporarily identified as DG-3010, "Spent Fuel Heat Generation in an Independent Spent Fuel Storage Installation." The guide is in Division 3, "Fuels and Materials Facilities." This regulatory guide is being revised to present a method that is acceptable to the NRC staff for calculating heat generation rates for use as design input for an independent spent fuel storage installation. The procedures proposed in this guide, for both boiling water reactors and pressurized water reactors, are simpler and therefore are expected to be more useful to applicants and reviewers.

The draft guide has not received complete staff review and does not represent an official NRC staff position.

Public comments are being solicited on the guide. Comments should be accompanied by supporting data.

Written comments may be submitted to the Rules and Directives Branch, Division of Administrative Services, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001. Copies of comments received may be examined at the NRC

Public Document Room, 2120 L Street NW., Washington, DC. Comments will be most helpful if received by January 2, 1998.

Although a time limit is given for comments on this draft guide, comments and suggestions in connection with items for inclusion in guides currently being developed or improvements in all published guides are encouraged at any time.

You may also provide comments via the NRC's interactive rulemaking website through the NRC home page (<http://www.nrc.gov>). This site provides the availability to upload comments as files (any format), if your web browser supports that function. For information about the interactive rulemaking website, contact Ms. Carol Gallagher, (301) 415-5905; e-mail CAG@nrc.gov. The draft guide may also be viewed and downloaded at this interactive site.

Regulatory guides are available for inspection at the Commission's Public Document Room, 2120 L Street NW., Washington, DC. Requests for single copies of draft or final guides (which may be reproduced) or for placement on an automatic distribution list for single copies of future draft guides in specific divisions should be made in writing to the U.S. Nuclear Regulatory Commission, Washington, DC 20555, Attention: Printing, Graphics and Distribution Branch; or by fax at (301) 415-5272. Telephone requests cannot be accommodated. Regulatory guides are not copyrighted, and Commission approval is not required to reproduce them.

SECURITIES AND EXCHANGE COMMISSION

Issuer Delisting; Notice of Application to Withdraw From Listing and Registration; (Anicom, Inc., Common Stock, \$.001 Par Value) File No. 1-13642

October 1, 1997.

Anicom, Inc. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated

thereunder, to withdraw the above specified security ("Security") from listing and registration on the Chicago Stock Exchange, Inc. ("CHX" or "Exchange").

The reasons cited in the application for withdrawing the Security from listing and registration include the following:

The Board of Directors of the Company believes that maintenance of the dual listing on both the Chicago Stock Exchange and the Nasdaq National Market is not in the best interests of the Company's stockholders. No trading of the Company's Security has taken place on the CHX since May 1995. All of the trading activity in the Security has taken place on the Nasdaq National Market. Accordingly, the Board of Directors believes that the costs of maintaining a listing on the CHX do not justify the Company's continued listing on the CHX given the lack of trading on the Exchange.

By letter dated September 10, 1997, the CHX states that the Company has complied with the Exchange's rules relating to the delisting of the Company's Security.

Any interested person may, on or before October 23, 1997, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549, facts bearing upon whether the application has been made in accordance with the rules of the exchange and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,
Secretary.
